In the case of Mrs. James Fowle, administratrix of her husband's estate, vs. McDonald, Cutler and company, which was heard before the superior court, the plaintiff, through her attorney, R. A. "The Mummy and the Humming Bird," now in the fifth season of its established popularity, is an unusual play by reason of the large number of important roles that are brought into requisition in the development of its plot; and in its portrayal by Jules Murry's own company, William A. Whiticar, who is featured in the part of Lord Lumley, the "Mummy," is surrounded by a supporting cast that includes four leading artists. In addition to the five characters referred to there are several others that require more than ordinary dramatic ability in their rendition, so the sum of the acting involved in the representation is described as largely in excess of that usually seen in an ordinary theatrical performance. This attraction will be presented at the opera house on Friday evening, January 25.

A regular meeting of Clan Gordon, No. 12, will be held Monday evening, January 21, at 7 o'clock. Officers are requested to be present at six o'clock. James R. Conitts, secretary.
